The committee decided, due to the restrictions placed on us by the pandemic, to issue a notice to members to the following effect.

The Committee has decided to:

1. Suspend production of the Resident Magazine and our usual distribution and collection of donations.
2. Defer the Annual General Meeting to a future date (to be set in due course)

In the meantime the f=draft minutes of the 2019 Special General Meeting and the Annual General Meeting are available here. The draft accounts to 31st March 2020 will be posted to the website by the end of April.

The TDRA Committee will continue to manage the Association as normal over the coming months, and are available in need should any member have a particular issue or query. Please contact us here via the website or you can drop a note into Webb's Ironmongers for any Committee member.
